

# Vision

Our job is to give every child the life chances they deserve, no matter what their starting point. We have a responsibility to guide our children to their future and, at Ferryhill Primary School, we do that by ensuring our curriculum meets the needs of all learners.

We understand the community our children live in. We understand and strive to offer the supports our pupils need, in the classroom and beyond, teaching skills which are relevant to the lives our pupils' lead.

Our school community value a curriculum which helps pupils to grow in confidence and at Ferryhill, pupil voice and development of a wider achievement curriculum is at the heart of our school vision. We hope to encourage pupils to be creative, use their initiative and develop thinking skills.

Our school community is diverse and as a school community we are hoping to promote a society which teaches respect and tolerance for others.

Respect

Being Safe

Ready to Learn

# Aims

To guide our children to achieve in school and in life beyond

To meet the academic, social and emotional needs of all of our learners.

To ensure all stakeholders understand our community and the ways in which we are unique

To allow pupils to grow in confidence

To ensure all pupils have a voice which is heard

To celebrate and ensure all pupils can participate in activities which promote achievement, academically, socially and emotionally.

To promote curiosity, creativity, initiative and thinking skills

To ensure all pupils are respected and our school community are tolerant of each other.
